

## IB BUDGET APPENDIX

*Effective on March 1<sup>st</sup>, 2020*

The purpose of this Appendix is to provide information regarding the IB Budget related to the activity on the particular account of a client introduced by an IB. The amount of the IB Budget depends on whether the client is trading by himself on his trading account and what type of the account it is, or whether it is the Investor's Managed account connected to a particular Strategy under the PAMM System (as defined in the PAMM System Terms).

This Appendix is being updated regularly on the first day of each calendar month and is available to all Introducing Brokers on the following link: [purple-trading.com/ib-budget-appendix](http://purple-trading.com/ib-budget-appendix). In non-standard situations, this Appendix may be updated up to ten calendar days later.
